The registration for the above-described vessel is about to expire and this mailer serves as your renewal notice. The United States Coast Guard Code of Federal Regulations, 33 CFR 174.23(b), prohibits the use of an "I" or "O" or "Q" as part of the registration number. The registration number you were issued contains an "I" or "O" or "Q" and therefore has been modified for compliance. To minimize the impact to you, we have only replaced the two- letter combination; however, the four-number combination has not changed. Your vessel record has already been updated with the new registration number. You will need to change the number on your boat before you use it in order to avoid citation. We apologize for the inconvenience. If you have any questions, please call your local vehicle/vessel licensing office.
